PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience architecting, building, and deploying scalable web applications using React.js, Node.js, Express.js, and PostgreSQL. Proven track record in developing responsive user interfaces, designing secure RESTful API architectures, implementing JWT-based authentication, and deploying applications on Linux servers with Nginx and PM2. Successfully engineered and deployed a production-ready AI-powered multi-vendor e-commerce platform hosted on DigitalOcean.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, Python, SQL, C++, HTML5, CSS3

Frontend Development: React.js, Tailwind CSS, Bootstrap, React Router, Redux / Context API, Responsive Design

Backend Development: Node.js, Express.js, RESTful API Design, JWT Authentication, Role-Based Access Control (RBAC)

Databases: PostgreSQL, MySQL, MongoDB

DevOps & Tools: Linux, DigitalOcean, Nginx, PM2, Git, GitHub, Postman

TECHNICAL PROJECTS

AI-Powered Multi-Vendor E-Commerce Platform

[\[https://github.com/Azhar-Ali-ali/Final-Year-Project\]](https://github.com/Azhar-Ali-ali/Final-Year-Project)

Tech Stack: React.js • Node.js • Express.js • PostgreSQL • Tailwind CSS • CLIP Model • JWT • DigitalOcean • Nginx • PM2

- Architected a multi-vendor platform with dedicated workflows for customers, sellers, and system administrators.
- Built over 80 RESTful APIs in Express.js incorporating JWT authentication, role-based authorization, and optimized middleware.
- Integrated CLIP model to enable AI-powered visual product search, allowing users to query items via images.
- Engineered personalized product recommendation engines based on user browsing history and behavioral patterns.
- Designed relational database schemas in PostgreSQL and improved UI speeds using code-splitting and lazy loading.
- Deployed and maintained application servers on DigitalOcean Linux Droplets with Nginx reverse proxy and PM2.

Real-Time Messaging Web Application

[\[https://github.com/Azhar-Ali-ali/chat-application\]](https://github.com/Azhar-Ali-ali/chat-application)

Tech Stack: React.js • Node.js • Express.js • PostgreSQL • Socket.io • JWT Authentication

- Developed a real-time chat application with unique username search, profile management, and session handling.
- Built a connection system enabling users to send, accept, or decline friend requests before initiating conversations.
- Implemented low-latency 1-on-1 messaging leveraging Socket.io web sockets for real-time communication.
- Structured relational PostgreSQL schemas to persist user accounts, friend connections, and chat histories.

School Management Web System

Tech Stack: React.js • Node.js • Express.js • PostgreSQL • Tailwind CSS

- Engineered a management portal handling student enrollment, profile management, and administrative CRUD operations.
- Implemented secure user authentication and role-governed access controls for administrators and staff.

Online Car Marketplace

[\[https://github.com/Azhar-Ali-ali/carfax-website\]](https://github.com/Azhar-Ali-ali/carfax-website)

Tech Stack: React.js • Node.js • Express.js • PostgreSQL • JWT

- Created a full-stack marketplace allowing users to post, update, delete, and manage vehicle listings.
- Integrated multi-parameter search and dynamic filtering features to streamline vehicle discovery.

EDUCATION

Bachelor of Science in Computer Engineering

Graduated: August 2026

COMSATS University Islamabad, Abbottabad Campus

Relevant Coursework: Data Structures & Algorithms, OOP, Database Systems, Software Engineering, Web Engineering, OS, Networks

FSc Pre-Engineering (Computer Science)

Completed: 2022

Working Folks Grammar School & College

CERTIFICATIONS & WORKSHOPS

- **Certificate of Participation:** Job Hunting & Professional Profile Development Workshop (*IEEE CUI Abbottabad*)
- **Certificate of Organizer:** Full Cycle Development of Embedded Projects (*IEEE Student Branch, CUI Abbottabad*)
- **Certificate of Appreciation:** Modern Trends in Career Development (*Computer Engineering Dept., CUI Abbottabad*)

LANGUAGES

English: Professional Working Proficiency / Fluent

Urdu: Native / Full Professional Proficiency
